

## CLASSIC TEXTURED

### Make a statement with strong bold lines

#### Inspired Design

Metrotile's Classic profile is defined and angular with sharp, clean lines and sloping edges to create added depth and enhance the dimensions of your roofline. This light-weight roofing system creates this aesthetic, matched with the strength and durability of steel.

Classic is available in a range of colours and is available in both a Satin (Smooth) and Textured (Stone-Coated) finish.

#### Incredible Quality

All of Metrotile's roof tiles and accessories are made from Zinalume® in our ISO 9001 accredited factory in Takanini. We source the best raw materials for every step of our manufacturing process and have a rigorous quality control process to ensure our products meet the very highest standards.

#### Locally Made, Globally Proven

Our products have been tested and proven around the world. Installed in over 80 countries, they have been exposed to some of the harshest environments on earth. Our products are waterproof, earthquake safe, fire resistant and able to withstand cyclone-force winds of up to 190kph. We stand by our product and back them with our 50-year warranty to give you complete peace of mind.

#### Backed by BRANZ

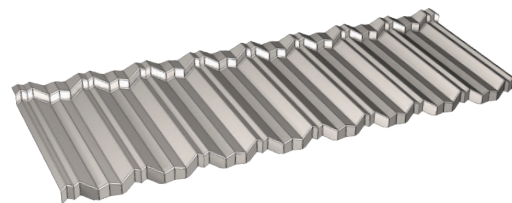

All of Metrotile's profiles have been appraised to meet or exceed the New Zealand Building Code by BRANZ, an independent research organisation that uses an impartial evidence-based approach to improving the performance of the New Zealand building system.

**Minimum Pitch: 12.5°**
